RE: DEQ Approval – AOC #16 Interim Measures

Dear Mr. Dauner:

The Montana Department of Environmental Quality (DEQ) reviewed Calumet Montana Refining, LLC's (CMR) document *AOC-16 Pilot Study Evaluation Report* (Report). The Report is dated January 2020 and was submitted with a cover letter dated January 9, 2020. The Report documents the results of pilot tests and recommends a change in the remedies previously approved by DEQ in a letter dated January 9, 2020.

DEQ approves the alternative proposed by CMR (remedial Alternative 2) in the Report.

Please contact me if you have any questions regarding this letter.

Sincerely,

A handwritten signature in black ink that reads "Denise A. Kirkpatrick". The signature is written in a cursive style with a large, looping initial "D".
